Urges Postponement.

Governor McGowan, of Wisconsin, supporting the motion, urged postponement upon the plea of Governor Gilchrist, but the latter announced that he supported the sub-measure.

Governor Kitchin then said that he wanted no postponement, and, while favoring the people, would oppose the motion, because he thought that the action was beyond the conference's scope. The vote showed that he was alone in the negative.

The twenty-four States whose Governors voted for the motion are Alabama, Colorado, Florida, Georgia, Idaho, Kansas, Maryland, Massachusetts, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Jersey, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, Utah, Virginia, Washington, West Virginia and Wisconsin.

"I have no idea as yet how we will present the matter to the Supreme Court," Governor Harmon said after the session. "I have yet to talk over the subject with other members of the committee. I suppose we will call a meeting and map out a line to pursue."

Earlier in the day, Dr. Anna Shaw, president of a Woman's Suffrage Association, made a plea before the Governors for suffrage for women. Mrs. J. W. Brannan, of the Woman's Political Union of New York, who preceded Dr. Shaw, also urged the ballot for women. Mrs. Abram Van Winkle, of Newark, N. J., head of a New Jersey organization, presented a petition to the Governors. Representing the militant wing of the party, she demanded that each State Executive, including Governor Woodrow Wilson, come into the open with his views and "in the light of public policy, align himself with one side or the other of this question."

No formal action, however, was taken by the Governors.

MORRIS AND FLYNN TO MEET TONIGHT

Prospects of Good Battle Attracts Great Crowd of Fight Lovers.

New York, September 14.—Carl Morris, the Oklahoma giant, and Jim Flynn, the Pueblo fighter, will meet to-morrow night in Madison Square Garden in their long postponed fight. The articles of agreement call for ten rounds, under straight Marquis or Queensberry rules, with five-ounce gloves. Charles White will referee, but no decision will be rendered. Morris will weigh about 230 pounds, and Flynn about 180.

The prospects of a good battle, with one of the contestants a man who by some is considered suitable timber from which to work an antagonist worthy to meet Jack Johnson for the world's heavyweight championship, has created great interest in the bout, and a bumper crowd of fight lovers from all over the country, especially from Oklahoma, is expected.

Morris, with his six feet four inches, will tower over Flynn, and he will also have the advantage of youth, reach and weight. The handlers of both men say they are in fine shape and prepared to go the ten rounds at a fast pace.

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

FARMER RECEIVES FATAL INJURIES

Victim of Runaway Accident. Big Increase in Corporation Assessments.

[Special to The Times-Dispatch.] B. Raleigh, N. C., September 14.—B. Parfitt, a farmer, near Anson, Harro county, died in Rex Hospital this afternoon from injuries received about noon in runaway here, in which his team of mules was frightened by an automobile, the identity of which has not been ascertained.

Parfitt was taken from his heavily loaded wagon with furniture, and the wheels passed over him, breaking several ribs, and crushing in his chest. With him was a neighbor, Mr. M. J. Seagill, who was also thrown from the vehicle, but was not seriously injured.

Neither the team nor the wagon was injured. Parfitt was fifty years old, and leaves a wife and children.

The North Carolina Corporation Commission is about ready with its tabulated tax assessments for the next four years, the new assessments being a very decided advance over the assessments heretofore in force.

These assessments will be certified at once to the State Treasurer, who will proceed with the collection of the taxes. The State Treasury is very much in need of it to meet the current expenses of the State government. This revenue is usually available in July, but this being the quadrennial period for general reassessment, the work has taken longer. Further, the railroads are fighting the new assessments, claiming that they are excessive, and the State Treasury, when they have paid the tax.

NEWPORT SWINDLE IN FIREMEN'S NAME

Residents Subscribe as Impostors Seek Funds to Aid Families of New York Men.

Newport, R. I., September 14.—Newport residents have been greatly imposed upon in the last few days by two men who have been soliciting funds for the families of firemen who were killed in the great fire at New York City.

Mrs. James P. Kerochian subscribed liberally and Major Edmund Curley also gave. George B. De Forest did not exactly like the idea, so he declined. When the solicitors reached the village of Pembroke Jones asked if Mr. Jones thought he would inquire into the plan. This angered the solicitors, and he asked if Mr. Jones owned any real estate. He said he did, whereupon they told him he need not expect fire protection unless he subscribed. Mr. Jones ordered the evening edition of the New York Times, and telegraphed that the men were impostors.
